“If there was a nerve centre in Adelaide before the sun rose it was the East End. A community that lived and breathed fresh produce, the sound of merchants calling their wares marked the start of each day”.

GOLDING MARKET SERIES

The Golding Family's merchant history had its origins in Adelaide's East End Produce Markets, where they established Golding Bros, the first apple and pear merchant store. Sourcing the freshest and best from the Adelaide Hills, the Market Series was created to celebrate this history.
