“The Exchange is a name closely wound in to the history of the markets. A notorious local watering hole, it is where market folk gathered for a chat and a knock off after a busy night of trade, their toil ending as the rest of the city came to life”.

GOLDING MARKET SERIES

The Golding Family's merchant history had its origins in Adelaide's East End Produce Markets, where they established Golding Bros, the first apple and pear merchant store. Sourcing the freshest and best from the Adelaide Hills, the Market Series was created to celebrate this history.
